

City Manager's Report

Week of December 19, 2011

The Police arbitration award was issued yesterday. The City prevailed on all issues with the exception of medical. I will forward Bob Smith's email to you that has a copy of the arbitration decision. We will post the award on our website.

FYI-Attached are my RFP pre-bid meeting notes outlining the questions and answers raised by the interested vendors.

Cook County Judicial Court System has informed us that in their efforts to save money, in the next 60-90 days they are closing all four suburban courthouses on weekends and court holidays. This means that officers will have to bond out all detainees in need of an initial bail hearing at 26th Street and California in Chicago. This will take two of our typically five scheduled officers out of service for a much longer period. The Chief will report further on this issue at the next Public Safety COW meeting.
