Background:

Corporate Design & Development Group, applicant acting on behalf of the owner, Red Crown Investments, LLC, requests a map amendment to change the zoning of the property at 1220 West Touhy Avenue (“subject property”) from the B-1 Retail & Office District to the B-2 General Commercial District, in accordance with Section 4.8 of the Zoning Ordinance. The subject property contains approximately 16,599 square feet and is currently occupied by a motor vehicle service station, which is not a permitted use in the B-1 District, i.e. it is a nonconforming use. The applicant has provided conceptual redevelopment plans for an extensive remodeling of the service station, but the applicant is only seeking approval of the map amendment at this time. If the map amendment occurs, the applicant will be required to submit a special use application and meet all applicable zoning requirements.

At its October 25th meeting, the Planning & Zoning Commission (P&Z) conducted a public hearing on the application. Following testimony and discussion regarding the application, the P&Z closed the public hearing. The P&Z voted to recommend approval of the rezoning application by a vote of 5-1. (Draft minutes are attached.) The P&Z also formulated Findings of Fact, and these were approved by a vote of 6-0. The P&Z’s findings have been incorporated into the attached ordinance.

The City Council, at its November 9th meeting, voted 4-3 to approve the first reading of the attached ordinance.

Recommendation:

Approve the final reading of An Ordinance Approving a Map Amendment for Property at 1220 W Touhy Avenue from B-1 Retail and Office District to B-2 General Commercial District (Case MA-16-07).

Budget Implications:

Does Action Require an Expenditure of Funds: Yes No

If Yes, Total Cost:

If Yes, is this a Budgeted Item:

Yes No Requires Budget Transfer

If Budgeted, Budget Code (Fund, Dept, Object)

ORDINANCE NO. 2016- _____

**AN ORDINANCE APPROVING A MAP AMENDMENT FOR PROPERTY AT 1220 WEST
TOUHY AVENUE FROM B-1 RETAIL AND OFFICE DISTRICT, TO B-2 GENERAL
COMMERCIAL DISTRICT
(MA-16-07)**

WHEREAS, the City of Park Ridge is an Illinois home rule municipality operating under the Constitution and Laws of the State of Illinois;

WHEREAS, Property located at 1220 West Touhy Avenue, Park Ridge, Illinois, and legally described on **Exhibit A (“Subject Property”)**, is owned by Red Crown Investments, LLC (“Owners”), and

WHEREAS, the Subject Property is currently zoned in the B-1 Retail and Office District; and

WHEREAS, the Mr. Matt Ackerman of Corporate Design + Development Group, acting on behalf of the Owner, has filed an application with the City requesting approval of a map amendment/rezoning of the Subject Property from the current zoning to B-2 General Commercial District (“**Rezoning Application**”); and

WHEREAS, the Planning and Zoning Commission convened a public hearing on October 25, 2016, on the Rezoning Application, pursuant to legal notice as required by law, and all persons attending the hearing were provided an opportunity to be heard at the public hearing; and

WHEREAS, at the conclusion of the public hearing on October 25, 2016, the Planning and Zoning Commission recommended, by a vote of 5-1, approval of the Rezoning Application to the City Council;

WHEREAS, the City Council has reviewed the minutes from the Planning and Zoning Commission public hearing and the testimony and evidence submitted by the Applicant and others at the hearings, and has concluded that the Rezoning Application will be beneficial to the City, will further the development of the Property, and will otherwise enhance and promote the general welfare of the City and the health, safety and welfare of the residents of the City.

BE IT ORDAINED by the City Council of the City of Park Ridge, Cook County, Illinois, pursuant to its home rule authority provided under Article VII of the Illinois Constitution of 1970 as follows:

SECTION 1: Recitals. The recitals set forth above are hereby incorporated into and made a part of this Ordinance as if fully set forth in this Section 1.

SECTION 2: Findings. The City Council has duly considered the recommendations of the Planning and Zoning Commission and hereby adopts the findings proposed by the Planning and Zoning Commission at its meeting of October 25, 2016, attached as **Exhibit B**, as the findings of the City Council as though fully restated in this Ordinance.

SECTION 3: Map Amendment/Rezoning. Pursuant to the authority granted by Section 4.7 of the Zoning Ordinance, and subject to compliance with the conditions described in Section 4, that portion of the Property described on **Exhibit A** is hereby rezoned from B-1 Retail and Office District to B-2 General Commercial District.

SECTION 4: Conditions of Approval. The approval granted pursuant to Section 3 of this Ordinance shall be and is hereby expressly subject to the following terms, conditions, and restrictions:

- A. **No Authorization of Work.** This Ordinance does not authorize commencement of any work on the Property. Except as otherwise specifically provided in writing in advance by the City, no work of any kind may be commenced on the Property pursuant to the approvals granted in this Ordinance unless and until all conditions of this Ordinance precedent to that work have been fulfilled and after all permits, approvals, and other authorizations for the work have been properly applied for, paid for, and granted in accordance with applicable law.
- B. **Compliance with Laws.** The Zoning Ordinance, the Subdivision Ordinance, the Building Code and all other applicable City ordinances and regulations shall continue to apply to the Property, and the development and use of the Property must comply with all laws and regulations of federal, state, and local governments having jurisdiction.

SECTION 5: Superseding Effect. The specific terms and conditions of this Ordinance shall prevail against other existing ordinances of the City to the extent of any conflicts.

SECTION 6: Effective Date. This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

SECTION 7: Publication. The City Clerk is hereby authorized and directed to publish this Ordinance in pamphlet form according to law.

FINDINGS OF FACT

BEFORE THE PLANNING AND ZONING COMMISSION

Park Ridge, Illinois

In the Matter of)	
)	Case Number MA-16-07
1220 West Touhy Avenue)	

FINDINGS OF FACT

This matter having come before the Planning and Zoning Commission for a hearing at the request of Corporate Design & Development Group and Red Crown Investments, LLC, for a Map Amendment from the B-1, Retail & Office District to the B-2, General Commercial District at 1220 West Touhy Avenue; and the Commission having held a public hearing on October 25, 2016, as required by law, and having heard evidence on the matter, based on the evidence presented, as reflected in the minutes of these proceedings, and for the reasons indicated in the minutes of this Commission in this case,

The Planning and Zoning Commission finds that the following facts have been established based on the standards set forth in the Zoning Ordinance:

1. The existing use and zoning of the nearby property.

Currently the property is zoned B-1, Retail & Office District and includes a motor vehicle service station. The property is surrounded by a motor vehicle service station to the east, single family residential to the north, multi-family residential to the south, and offices to the west.

2. The extent to which property values of the subject property are diminished by the existing zoning.

The property values with the existing zoning are diminished because the motor vehicle service station is currently not permitted at the property, and would not be permitted to make updates and modifications to the existing use.

3. The extent to which the proposed amendment promotes the public health, safety, comfort and convenience and general welfare of the City.

The proposed amendment would not harm the public health, safety, comfort, convenience and general welfare of the City. By allowing the B-2 General Commercial District at the site, the property could be maximized for its highest and best use.

4. The relative gain to the public, as compared to the hardship imposed upon the applicant.

The public will gain by allowing an updated facility along the Touhy Avenue corridor.

5. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

The property is located along the Touhy Avenue corridor and it is suitable to provide motor vehicle service uses, as multiple similar uses are located nearby. The current zoning district would restrict this type of use.

6. The length of time that the property in question has been vacant, as presently zoned, considered in the context of development in the area where the property is located.

The property is not vacant, but the facility is dated, and would not be permitted to be modified.

7. The evidence, or lack of evidence, of community need for the use proposed by the Applicant.

The community has a need for updated motor vehicle service uses along the Touhy Avenue corridor.

8. The consistency of the proposed amendment with the Comprehensive Plan.

The Comprehensive Plan identifies the property as multi-family residential. However, the property is unlikely to be developed as multi-family residential.

9. That the proposed amendment will benefit the residents of the City as a whole, and not just the Applicant, property owner(s), neighbors of any property under consideration, or other special interest groups, and the extent to which the proposed use would be in the public interest and would not serve solely the interest of the applicant.

The public interest will be served by providing updated facilities for area residents.

10. The extent to which the proposed amendment creates nonconformities.

The proposed amendment is not expected to create any nonconformities.

11. The trend of development, if any, in the general area of the property in question.

The trend of development is active as several other projects have occurred at nearby locations.

12. Whether adequate public facilities are available including, but not limited to schools, parks, police and fire protection, roads, sanitary sewers, storm sewers, and water lines, or are

reasonably capable of being provided prior to the development of the uses, which would be permitted on the subject property if the amendment were adopted.

Adequate public facilities are available in the area.

- 3. Case Number MA-16-07:** Map Amendment from the B-1, Retail & Office District to the B-2, General Commercial District, at 1220 West Touhy Avenue

Mr. Branham provided an overview of the application. He stated the applicant requests a map amendment to change the zoning of the property at 1220 West Touhy Avenue from the B-1 Retail & Office District to the B-2, General Commercial District. The subject property contains approximately 16,599 square feet and is currently occupied by a motor vehicle service station, which is not a permitted use in the B-1 District, i.e. it is a nonconforming use. He stated the applicant has identified the property to be redeveloped as a motor vehicle service station with a convenience store component, which would require a special use in the B-2 District.

Matt Ackerman, representing the applicant, further summarized the application. He stated the site is more suitable to the community as B-2 rather than the B-1, since it already functions as a fueling station. Currently, the property is occupied by a service station, vehicle repair and truck rental facility. The applicant is proposing to redevelop as a service station and a convenient store. The proposed amendment would be beneficial both to the value of the property and to the community. Since gas stations are no longer an allowed use in the current zoning, rezoning this property could allow the site to be updated both in look and function. By rezoning the property, the gain to both the city and the owners would be significant. Under the current zoning, the owner is not able to update the building into a modern convenience store. An updated convenience store would allow the fueling station to remain competitive as well as adding a valuable asset to the community.

Tim Timmons, resident, stated he is concerned with the zoning change request. He is concerned that the convenience store use will allow the sale of liquor and video gaming. He stated it could affect the value of the surrounding properties.

Forest Shields, resident, stated he is concerned with the potential closing of the repair facility.

On a motion by Commissioner Giannetti seconded by Commissioner Zamaites, the Commission AGREED to close the public hearing.

The Commissioners reviewed the application and discussed the difference between the B-1, Retail & Office District and the B-2 General Commercial District. Commissioner Argonios

DEPARTMENT OF COMMUNITY
PRESERVATION AND DEVELOPMENT

Date: October 25, 2016
To: Planning and Zoning Commission
From: Jon Branham, Senior Planner
Thru: Jim Brown, Interim Community Preservation & Development Director
Subject: Map Amendment from the B-1, Retail & Office District to the B-2, General Commercial District, at
1220 West Touhy Avenue
Zoning Case: MA-16-07

Introduction

Corporate Design & Development Group, applicant, requests a map amendment to change the zoning of the property at 1220 West Touhy Avenue (“subject property”) from the B-1 Retail & Office District to the B-2, General Commercial District, in accordance with Section 4.8 of the Zoning Ordinance.

The subject property contains approximately 16,599 square feet and is currently occupied by a motor vehicle service station, which is not a permitted use in the B-1 District, i.e. it is a nonconforming use. The applicant has identified the property to be redeveloped as a motor vehicle service station, which would require a special use in the B-2 District. The applicant has provided conceptual redevelopment plans, but the applicant is only seeking approval of the map amendment at this time. If the map amendment occurs, the applicant will be required to submit a special use application and meet all applicable zoning requirements.

The following chart summarizes the land use, zoning district classification and Comprehensive Plan designation for the subject and surrounding properties.

Location	Current Use	Zoning	Comprehensive Plan
Subject Property	Motor Vehicle Service Station	B-1	Multi-Family Residential
North	Single Family Residential	R-2	Single Family Residential
East	Motor Vehicle Service Station	B-1	Multi-Family Residential
South	Multi-Family Residential	R-4	Multi-Family Residential
West	Medical Offices	B-1	Multi-Family Residential

Staff Analysis

Comprehensive Plan

The property is identified as multi-family (high density) in the 1996 Comprehensive Plan. Thus neither the existing zoning and land use nor the proposed zoning and land use conforms with the 1996 Comprehensive Plan.

Implications of Rezoning

The subject site's current zoning is B-1, and that zoning district is intended to "create a commercial environment for a variety of commercial uses...designed to provide for the needs of local residents..." The proposed B-2 zoning is also intended to create a commercial environment for a variety of commercial uses, but these uses are "typically oriented toward vehicular access and often located within retail centers." Moreover, the B-2 district should be situated in locations removed or buffered from low density residential development." (§8.1.) *Service stations are certainly "oriented toward vehicular access," but the P&Z should evaluate the surrounding zoning to determine how the subject site is removed or buffered from low density residential areas.*

The permitted and special use table for the commercial districts (§8.3, Table 4, attached), does not indicate significant differences in potential land uses between the B-1 and B-2 districts. Generally, the B-2 district, allows more uses as of right (permitted uses) rather than special uses as in the B-1. The two districts' bulk regulations ((§8.3, Table 5, attached), are virtually the same.

Nonconforming Use

This rezoning request is triggered by the desire of the applicant to alter the existing motor vehicle service station, which is a nonconforming use. Existing nonconforming uses may continue to operate—they are "grandfathered"—and "normal maintenance and incidental repair may be performed on any structure that is devoted in whole or in part to a nonconforming use" (§15.3.A of the Zoning Ordinance). However, the applicant's intentions for a remodeled service station exceed "normal maintenance and incidental repair," and thus would not be allowed if the subject property's zoning were to remain B-1. The rezoning to B-2 would allow remodeling, expansion and an increase in use intensity—provided a subsequent special use approval were received.

Findings of Fact

Before making a recommendation, the Commission shall determine if the proposed amendment satisfies the twelve Zoning Amendment Standards for Map Amendments in Section 4.8.E, Table 1 (refer to Attachment C). For example, the Commission will need to weigh whether the proposed amendment is compatible with the Zoning Ordinance, if the current conditions of the property warrant a change, whether the proposed district would be compatible with the surrounding area, and if the proposed amendment is consistent with the Comprehensive Plan.

Commission Review and Action

The Commission should discuss the advantages and disadvantages of the proposed zoning change, and whether or not it is appropriate.

The Commission may recommend City Council approval or denial of a map amendment to change the zoning of the property from the B-1, Retail & Office District to the B-2, General Commercial District, at 1220 West Touhy Avenue, Zoning Case Number MA-16-07. In taking action the Commission shall make findings of fact for map amendments, in accordance with Section 4.8.E, Table 1 of the Zoning Ordinance.

Other

Notification requirements for this application have been satisfied. A legal notice for the public hearing for the map amendment was published in the *Park Ridge Herald-Advocate*. Neighboring property owners were notified for the map amendment. A sign was posted on the property.

The site at 1220 W Touhy Ave. is zoned B1 and we are requesting that the property be rezoned as B2. The site is currently a legal nonconforming use, being used as a fueling station, convenience store and auto repair facility. Without a change in zoning, possible improvements to the fueling station are very limited. If the site is rezoned as B2, we could then request a special use as a fueling station and renovate the building including interior and exterior upgrades, a small cooler bumpout to the rear, and eliminating the automobile repair shop. This would beautify the site, reduce noise, reduce the number of cars parked onsite, and give the community a more practical convenience store that better serves its needs.

Responses to 4.8 - TABLE 1: STANDARDS FOR ZONING AMENDMENTS

The existing use and zoning of nearby property.

Current uses adjacent to the site include R-2 Single Family Residential District to the north which consists of single family homes. To the east is B-1 Retail and Office District with a fueling station immediately beside the site and some commercial retail and restaurants after that. South of the site is zoned R-4 Multifamily Residential District which consists of multifamily apartment buildings. To the west is B-1 Retail and Office District with a physician's office immediately next door and some small retail further down the street.

The extent to which property values of the subject property are diminished by the existing zoning.

The proposed amendment would be beneficial both to the value of the property and to the community. Since gas stations are no longer an allowed use in the current zoning, rezoning this property could allow the site to be updated both in look and function.

The extent to which the proposed amendment promotes the public health, safety, comfort, convenience and general welfare of the City.

The new zoning would allow significant improvements to the Convenience store and allow the existing automobile repair to be removed from the site. This would result in a much cleaner appearance as well as much less noise and fewer parked cars on the site.

The relative gain to the public, as compared to the hardship imposed

upon the applicant.

By rezoning the property, the gain to both the city and the owners would be significant. Under the current zoning, the owner is not able to update the building into a modern convenience store. An updated convenience store would allow the fueling station to remain competitive as well as adding a valuable asset to the community.

The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one (1) or more of the uses permitted under the existing zoning classification.

The site is more suitable to the community as B-2 rather than the B-1 which it currently is since it also already functions as a fueling station.

The length of time that the property in question has been vacant, as presently zoned, considered in the context of development in the area where the property is located.

The property has not been vacant.

The evidence, or lack of evidence, of community need for the use proposed by the applicant.

The necessity to the community has already been shown through the years that this site has already functioned as a fueling station. The change in zoning would allow the site to better serve the community by allowing the modernizing and cleaning up the existing building and site.

The consistency of the proposed amendment with the Comprehensive Plan.

Rezoning this property would allow greater consistency with the Comprehensive Plan, which recommends improving the appearance and signage of the gas stations along the Touhy Avenue Corridor.

That the proposed amendment will benefit the residents of the City as a whole, and not just the applicant, property owner(s), neighbors of any property under consideration, or other special interest groups, and the

extent to which the proposed use would be in the public interest and would not serve solely the interest of the applicant.

Rezoning this lot would benefit the residents of the City as a whole because it would allow this site to be beautified and better serve the community with an updated convenience store.

The extent to which the proposed amendment creates nonconformities.

The change in zoning would help eliminate a current nonconformity, allowing the site to be upgraded, enhancing the image of the street.

The trend of development, if any, in the general area of the property in question.

The use as a fueling station is consistent with the rest of the development on the North side of Touhy on this block as most uses are auto repair, fueling stations, and restaurants.

Whether adequate public facilities are available including, but not limited to, schools, parks, police and fire protection, roads, sanitary sewers, storm sewers, and water lines, or are reasonably capable of being provided prior to the development of the uses, which would be permitted on the subject property if the amendment were adopted.

Adequate public facilities are available for this change in zoning. The site already functions as a fueling station, convenience store and an automobile repair facility. When upgrading the site, the automobile repair facility will be eliminated, with the use being reduced to the fueling and convenience store.

CURRENT USES IMMEDIATELY ADJACENT TO THE SITE INCLUDE SINGLE FAMILY HOMES TO THE NORTH, A GASOLINE FUELING STATION TO THE EAST, A MULTIFAMILY APARTMENT BUILDING TO THE SOUTH AND A PHYSICIAN'S OFFICE TO THE WEST.

¹ All appurtenances must meet building height requirements.

² In some cases between certain districts and/or uses, a transition yard may be required. Such transition yard may require additional landscaping and screening, as well as a larger yard dimension to accommodate these plantings. Such transition yards shall be as required by Section 13 (Landscaping and Screening).

³ In the B-1, B-2 or B-3 Districts, a rear yard is not required where an alley or railroad tracks are located between the commercial use and a residential use or district.
