SOURCE SELECTION FOR GOODS AND SERVICES

Unless specifically stated otherwise, all non-emergency purchases of goods and services by the City of Park Ridge in excess of \$2,500.00 shall be made by competitive methods. Moreover, the preferred source selection method for the City of Park Ridge shall be the competitive sealed bidding method described below.

BID - Informal Competitive Bidding

An informal competitive bidding process can be used for purchases of goods and services of up to \$20,000.00 when it is not advantageous to the city to conduct a competitive sealed bidding process or competitive best value bidding process. Purchases may be made in the open market based on receipt of at least three (3) competitive bids and every reasonable effort to solicit informal bids through direct supplier contact, local media, trade publications, purchasing cooperatives, procurement websites, manufacturer

contacts, and other cost-effective means in order to cast the widest possible net for suppliers should be made.

Contract award recommendations for the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the solicitation for an informal competitive bid will be presented to the City Council.

The Finance Department will keep records of all bidding activity, including informal competitive bid solicitations made.

BID - Competitive Sealed Bidding

Where competitive sealed bidding is utilized for purchases above \$20,000.00, an invitation for bids shall be issued which shall include a general description and all contractual terms and conditions applicable to the procurement. Adequate public notice of the invitation for bids shall be given at least five (5) business days prior to the date set forth therein for the opening of bids. In addition, every effort to distribute the invitation for bids through direct supplier contact, local media, trade publications, purchasing cooperatives, procurement websites, manufacturer contacts, and other cost-effective means in order to foster a competitive bidding event.

Bids shall be opened publicly in the presence of one or more witnesses at a time and place designated in the invitation for bids. A bids results summary, including but not limited to, the bid description, bid amounts, bidder entities and locations shall be posted, with the record and each bid being open to public inspection. Bids shall be unconditionally accepted without alteration or correction, and evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price shall be objectively measurable. No criteria may be used in bid evaluation that is not set forth in the invitation for bids.

Correction or withdrawal of inadvertently erroneous bids before or after recommendation of an award, or cancellation of awards or contracts based on such bid mistakes is permitted. However, after bid opening, no changes in bid prices or other provisions of bids prejudicial to the interests of the city or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination

If all responsible and responsive bids exceed available budgeted funds, and the lowest responsible and responsive bid does not exceed the city's available funds by more than five percent (5%), in situations where time or economic considerations preclude resolicitation of work of a reduced scope, it is then authorized to negotiate an adjustment of the bid price with the selected bidder, in order to bring the bid within the amount of City's available funds.

RFP - Competitive Best Value Bidding

Where competitive best value bidding process is utilized, a written invitation for bids shall be issued which shall include a description, all award recommendation criteria and their weights, and all contractual terms and conditions applicable to the procurement. Adequate public notice of the invitation for bids shall be given at least five (5) business days prior to the date set forth therein for the opening of bids. In addition, every effort to distribute the invitation for bids through direct supplier contact, local media, trade publications, purchasing cooperatives, procurement websites, manufacturer contacts, and other cost-effective means in order to foster a competitive bidding event.

Bids shall be opened publicly in the presence of one or more witnesses at a time and place designated in the invitation for bids. In addition, each bid will be scored against the pre-determined criteria and weights for a contract award recommendation. The amount of each bid, the name of each bidder, the score each bid received, and such other information shall be recorded.

Bids shall be unconditionally accepted without alteration or correction, and evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria

that will affect the award recommendation score shall be objectively measurable wherever possible. No criteria may be used in bid evaluation that is not set forth in the invitation for bids.

Discussions may be conducted with responsible bidders who submit bids determined to be reasonably susceptible of being recommended for award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Bidders shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award recommendation for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing bidders.

Correction or withdrawal of inadvertently erroneous bids before or after recommendation of an award, or cancellation of awards or contracts based on such bid mistakes is permitted. However, after bid opening, no changes in bid prices or other provisions of bids prejudicial to the interests of the city or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination.

Contract award recommendations for the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the solicitation for a competitive sealed bid will be presented to the City Council.

All other expenditures must be approved by the City Council. In all cases, the City Council shall have the right to reject any and all bids or award recommendations, or request a resolicitation.

When only one responsible and responsive bid is received, an award may only be made to such bidder if it is determined that: a) the price submitted is fair and reasonable; b) other prospective bidders had a reasonable opportunity to respond; and/or c) there is not adequate time for a resolicitation. A two-thirds majority of the City Council will be required to approve such an award.

Award of a contract for goods and services with an initial term of more than one year will also require a two-thirds majority of the City Council for approval. However, an option to renew or extend a pre-existing contract for up to one year may be approved by a simple majority vote, provided that the conditions of renewal or extension were included in the original bid solicitation and funds were available for the first fiscal period at the time of the original contract award.

Alternate bids that reveal more economical services, supplies, or materials than those specified in the original invitation to bid are encouraged by the City of Park Ridge. When an alternate bid is received that appears more advantageous to the City than the original solicitation for bids, a resolicitation may be recommended with modified specifications.

PROHIBITED SOURCING AND CONTRACT PRACTICES

Sole source procurement is not a permitted practice for non-emergency purchases of goods and services made by the City of Park Ridge in excess of \$2,500.00 except in compliance with the following procedure:

Not less than five business days before the Finance Committee considers a request for sole source procurement for a specified good or service, the City shall publish notice of intent to use sole source procurement for a specified good or service. The Finance Committee may grant approval for sole source procurement, by 2/3 majority approval of all Alderman, if any of the following criteria apply:

For any competitive source selection process, the quantity of goods or services beyond the amount indicated in the invitation for bids may not be increased significantly when recommending a contract award to the City Council.

CONTRACT TERMS AND CONDITIONS

"Evergreen" contracts are to be avoided.

A term agreement beyond one year is only allowed if the City has identified a need that will definitely be met through the entire contract length and will receive more advantageous terms and conditions than if a one year term contract was implemented. To add another year or term to an existing contract, it is possible

to use an addendum. The contract with its addendum should be treated as a new contract for the City. As a new contract, it would then follow normal procurement approvals process.
