

Park Ridge Police Department
Monthly Report
March 2020

March 2020

Chief's Corner

The Covid-19 virus hit the City of Park Ridge in March 2020. As a result, the entire City followed the Governor's Order to Shelter at Home and only keep essential services in operation. Police services continued but on a different scale. Staff continued to meet daily in order to navigate the ever changing landscape of this virus. Even though many events and activities have been cancelled, reduced essential police services continue to be provided to the Park Ridge community. The virus will continue to effect us in the coming months. The Department will continue to practice social distancing, alternative scheduling, cleanliness, and differential responses to calls. We continue to keep in communication internally and externally.

Even though the virus response consumed most of our efforts, the Department still managed a few other activities. Roll Call Training was completed regarding Avenue of Independence and the transgender community. The Department was recognized by the Department of Defense for our efforts to support Officer Emery Taylor while he is being deployed. I participated in a reading to students at Washington School. Finally, Officer Ruth Hahn-Bee was promoted to sergeant. We wish her well in her new assignment.
