13-8-1 YIELDING RIGHT OF WAY

The intersections named in Section 13-8-2 following are designated as yield right of way intersections. The notice required in subsection (B) shall state the name and address of the registered owner, the state registration number of the vehicle(s), the nature of the ordinances violated and the numbers and issue dates of the outstanding complaints. The notice shall also advise that a person may challenge the validity of the notice of impending vehicle immobilization by requesting a hearing and appearing in person within twenty-one (21) days of the date of the notice and submitting evidence which would conclusively disprove liability, based on the following grounds:
1. That the person was not the owner or lessee of the vehicle on the date or dates the notices of violations were issued; or
 2. That all of the fines or penalties for the violations cited in the notice were paid in full; or
 3. That the registered owner has not accumulated five or more final determinations of liability for parking, City license violation complaints, or compliance citations, which were unpaid, at the time the notice of impending vehicle immobilization was issued. *(Ord. 2012-24, 3/05/2012)*
- D. Upon immobilization of an eligible vehicle, a notice shall be affixed to the vehicle in a conspicuous place. Such notice shall warn that the vehicle is immobilized and that any attempt to move the vehicle may result in its damage.
- The notice shall also state that the unauthorized removal of or damage to the immobilizing restraint is a violation of Sections 16-1 and 21-1 of the Illinois Criminal Code. The notice also shall provide information specifying how release of the immobilizing restraint may be had, and how the registered owner may obtain an immobilization hearing pursuant to this Section.
- E. Except where the vehicle is otherwise subject to towing, if the immobilizing restraint has not been released pursuant to subsection (F) within twenty-four (24) hours of its placement, the restraint may be released and the vehicle towed and impounded.

- F. The owner of an immobilized vehicle or other authorized person shall be permitted to secure release of the vehicle by paying the immobilization and towing and storage fees, if applicable, specified in subsection (I) and all the fines and penalties on the outstanding complaints and citations specified in the notice of impending vehicle immobilization.
- G. Within ten (10) days after a vehicle has been impounded, notice of impoundment shall be sent by certified mail, return receipt requested, to the registered owner of the vehicle at the address to which the notice specified in subsection (B2) was mailed. The notice shall state that the owner has the right to post-immobilization and post-towing hearing as provided in subsection (H), and that if the car is not claimed within thirty (30) days from the date of the notice, the vehicle may be sold or otherwise disposed of in accordance with this Chapter.
- H. The owner of an immobilized vehicle shall have the right to a hearing to determine whether the immobilization or any subsequent towing was erroneous or whether the vehicle was properly included on an immobilization list, if the owner files a written demand for a hearing with the Police Chief within fourteen (14) days after issuance of the notice specified in subsection (G) or within fourteen (14) days of the immobilization, whichever is later. A hearing shall be conducted within two (2) business days of a written demand for hearing unless otherwise mutually agreed by the parties. Failure to request or attend a scheduled hearing shall be deemed a waiver of the right to a hearing. In event of such failure, any amount deposited pursuant to subsection (F) (1) shall be forfeited. A hearing provided by this Section shall not determine the validity of or otherwise adjudicate any citation or notice of violation issued relative to the immobilized vehicle.
- I. The fee for removal of the immobilization device shall be one hundred dollars (\$100.00). The fee for towing subsequent to immobilization shall be one hundred dollars (\$100.00). The storage fee shall be the fee usually charged to the City by the agency providing the storage service provided that no fees shall be assessed for any immobilization or tow which has been determined to be erroneous.
- J. It shall be unlawful to relocate or tow any vehicle restrained by an immobilizing device without the approval of the Police Chief. The unauthorized removal of an immobilized vehicle shall be subject to a penalty of no less than five hundred dollars (\$500.00).
- K. For purpose of this Section, the term "public way" includes any privately owned parking lot as to which the City has entered into a contractual agreement for traffic regulation pursuant to 625 ILCS 5/11-209. *(Ord. 2005-51, 8/15/05, S24)*

13-10-16 STORAGE AND PARKING OF TRAILERS ON PUBLIC STREETS

- A. It shall be unlawful to store any trailer on any City street or other public way.
- B. For purposes of this Section, "store" means to park for a period in excess of two (2) days. Moving a trailer from one place to another on any public street or way shall not extend the number of days the trailer may be parked without violating this Section.

- C. For purposes of this Section, "trailer" means any non-self-propelled, wheeled vehicle, designed for carrying persons or property when drawn by a motor vehicle.
- D. No trailer shall be parked on any public street or way between sunset and sunrise unless it is marked with reflective materials so as to make it clearly visible to oncoming vehicles.
- E. No trailer shall be parked on any public street or way unless it is properly licensed.
- F. A complaint or notice of violation of this Section may be served by attaching or affixing it to the trailer or its cargo in any manner so as to be easily visible.
- G. Each day a trailer is parked or stored in violation of this Section shall constitute a separate violation.

13-10-17 PARKING HOLIDAYS

For the purposes of the provisions of this Chapter excepting "holidays" from the effect of parking regulations, the following are designated as parking holidays:

- B. The registration plate issued for a motorcycle, trailer or semi-trailer shall be attached to the rear of the vehicle.
- C. The registration plate issued for a truck-tractor shall be attached to the front thereof.

No registration plate shall be covered by any tinted or colored screen.
- E. Every registration plate, temporary permit or evidence of temporary registration must bear evidence of proper registration for the current period and be displayed in the manner required by the secretary of state. Registration stickers issued as evidence of renewed annual registration shall be attached to registration plates as required by the secretary of state and shall be clearly visible at all times.

It is illegal to park a vehicle, including a motor vehicle, motorcycle, trailer, semi-trailer or truck-tractor, on any public street, highway, roadway or in a public parking facility or lot if the registration plate or other registration materials fail to comply with paragraphs (a) through (e) of this Section.

13-10-19 PARKING WITHIN LINES/BACKED INTO SPACE

The City Manager shall have markings painted or placed upon the curb of the street or parking lot area adjacent to each parking meter for the purpose of designating the parking space and the angle at which vehicles are parked to the curb. Each vehicle parking within any parking meter zone shall park within the line or markings so established. It shall be unlawful to park any vehicle across or outside any such line or marking or to park said vehicle in such position that the same shall not be entirely within the area designated by such lines or markings. Note: Sections 8 – 12 were deleted on 12/07/2015, Ord. 2015-67

13-21-1 DEFINITIONS

For purposes of this article, the following definitions apply:

- A. A one-way or single trip movement means one move from the point of origin to the point of destination. Stops between the point of origin and the point of destination are expressly prohibited. Single trip permits are effective for five consecutive days from the date of issuance unless otherwise directed by the Park Ridge Police Department.
- B. Round-trip movement means a trip from point of origin to the point of destination and back to point of origin over the same route. Round-trip permits are effective for ten consecutive days from the date of issuance.
- C. Limited continuous use movements of oversized and overweight vehicles are valid for a period of either 90 or 365 days, as set forth in the approved permit. A limited continuous permit may be issued for unlimited trips during the allowed time period. *(Ord. 2015-67; 12/07/15)*

13-21-2 PERMITS

(Ord. 2015-67; 12/07/15)

- A. A permit issued by the Park Ridge Police Department shall be required for the movement of any vehicle, which is non-divisible or carrying a load which is non-divisible, on a roadway or bridge within the jurisdiction of the City which exceeds the following limits:
 1. Maximum gross weight of more than 80,000 pounds;
 2. Maximum gross length of 42 feet for single vehicles, 55 feet for tractor-semitrailer combinations, and more than 60 feet for all other combinations;
 3. Maximum gross width of more than 8 feet, 6 inches;

4. Maximum gross height of more than 13 feet, 6 inches;
5. Maximum axle weight of more than 20,000 pounds;
6. Maximum axle tandem weight of more than 34,000 pounds.

This shall apply to any single vehicle or series of vehicles pulled by a single tractor. With respect to those roadways and bridges under construction, road closures with or without signage do not exempt overweight and/or over-sized movements from permit requirements when any traffic is allowed through construction zone(s) and when the movement is made by applicant(s) not performing construction on the roadway closed. In an emergency declared by resolution of the City Council, the requirements to obtain permits may be waived.

Exempt from permits are the following:

1. Fire department vehicles;
 2. Those vehicles operating under an emergency declaration;
 3. City owned vehicles engaged in emergency utility repair;
 4. Equipment used for snow and ice removal, owned or operated by any governmental body.
- B. Permits shall be issued only in the name of a person, firm, business, or corporation that owns and operates the transporting vehicle or that operates the vehicle under a bona fide lease agreement.
- C. Permits for vehicles that are both overweight and over-sized are valid only one half-hour before sunrise until one half-hour after sunset, on any day for which the permit would be considered valid by the Illinois Department of Transportation.
- D. Permits are non-transferable and apply only to the permittee.
- E. The City may issue revisions to permits:
1. To correct an error attributed to the City;
 2. To correct an error attributed to the applicant, discovered before the move;
 3. To adjust weights, dimension or routes as issued on the permit, before the move is made;
 4. Any revisions made at the request of the permittee for purposes of changing weights, dimensions, routes or load description shall be made before any move is made at a cost of \$100.00 per permit.
- F. The permit, when issued, constitutes an agreement between the permittee and the City that the move described in the application will take place only as described. The permittee has the responsibility to report to the City's Police Department Traffic Section any inaccuracies or errors on the part of either the City or the permittee before starting any move. Undertaking the move is prima facie evidence of acceptance of the permit as issued and its terms. Oversize and overweight permits may be processed by

- the Police Department electronically, through a contractual relationship with a service provider.
- G. The routing prescribed in the permit constitutes the sole extent of the authority granted by the permit for the use of City roads, and any vehicle and/or load found to be off route will be considered off route and without a permit. Permits shall be in the driver's possession in either paper or electronic form at all times unless otherwise directed in writing by the Park Ridge Police Department and presented upon demand to any and all police officers for the purpose of inspection.
- H. If required, arrangement shall be made by the permittee to have the proper utilities notified, property moved, bridges or highways analyses performed and completed in advance of any permit movement.
- I. All movements under the permit shall be made in accordance with all applicable federal, State and local laws, ordinances, rules and regulations.
- J. The Police Department shall maintain a list of reasonable provisions to accompany every permit. The Police Chief or designee may amend this document from time to time at his or her discretion. The provisions may not be more restrictive than those established by the Illinois Department of Transportation or the most current phase of interstate harmonization policies issued by the American Association of State and Highway Transportation Officials, except in extreme cases. Permit provisions must accompany every permit.
- K. All single-trip or round-trip permits are limited to movements on assigned routes only.
- L. All quarterly or annual permits are restricted to the following maximum limitations and routing:
1. The vehicle may not exceed 12 feet in width, 13 feet, 6 inches in height, and 115 feet in length.
 2. The vehicle may not move across bridges or structures that are posted or listed as such on the City truck route map.
 3. The vehicle may not move on a "no-truck" route that is posted or listed as such on the City truck route map, without prior written permission from the Police Department.
 4. The vehicle may not use any City street as a cut-through to avoid using a state, county, or township highway.

These permits are subject to all standards of application set forth in section 13-21-4(b) of this code, except that the load may be interchanged provided none of the above listed maximum weight and size dimensions are exceeded. Quarterly and annual permits must list the registration number and state for the power unit, and vehicle identification number (VIN). The serial number of the power unit, and/or owner applied number must also be listed, if applicable.

- M. Permits are void if altered by the permittee. The permits issued under this section constitute the grant of a privilege by the City and may be denied or suspended for such reasons as the City may deem related to its governmental interests including, but not limited to:
1. A permittee's knowingly providing incorrect information in an application for a permit;
 2. A permittee, its agents, or employees acting on a permit which has been altered for purposes of deception;
 3. Non-compliance by permittee, its agents or employees with federal, State, or local ordinances pertaining to the transport of goods or operation of a vehicle engaged in the transport of goods;
 4. Moving on City streets without a valid permit as required under this section.

Each policy shall bear an endorsement precluding the cancellation or reduction of said policies without providing the City of Park Ridge at least thirty (30) days prior notice thereof in writing. All required insurance shall be maintained by the contractor in full force and effect during the life of the move.

13-21-6 SUSPENSION AND REINSTATEMENT

- A. Suspension of a current permit shall be for the time determined appropriate by the Park Ridge Police Department. Reinstatement may be made upon conditions determined by the Department and payment of all outstanding fees.
- B. In addition to any other fees and costs pursuant to (A) above, there shall be a reinstatement fee of \$50.00.
- C. The Chief of Police or his or her designee shall administer and enforce this section and shall have the authority to grant, deny, suspend or reinstate permits. 13-23-5 VEHICLE CONFISCATION HEARINGS

- A. Within 5 business days after a vehicle is seized and impounded pursuant to Sections 13-23-2 through 13-23-4 of this Code, the City shall notify by certified mail the owner of record of the seizure and impoundment of the vehicle, the penalty assessed, and of his or her right to request a hearing before the Administrative Hearing Officer, or his or her designee, in accordance with the City's Administrative Adjudication System to challenge whether a violation of this Code for which seizure and impoundment applies has occurred pursuant to this Chapter. The notice shall state the penalties that may be imposed if a hearing is not requested, including that a vehicle not released by cash bond and remaining in the City pound may be sold or disposed of by the City in accordance with applicable law.
- B. The owner of record seeking a hearing must file a written request for a hearing with the Administrative Hearing Officer no later than 10 business days after the notice was mailed to the owner of record. The date of the hearing must not be more than 15 days after a request for a hearing has been filed or at another agreed-upon date. Hearings are to be conducted in accordance with Sections 20-6-1, *et seq.* of the Park Ridge Municipal Code. To the extent that there is a conflict between Sections 20-6-1, *et seq.* and this Chapter, this Chapter shall prevail.
- C. If, after the hearing, the Administrative Hearing Officer determines by a preponderance of the evidence that the vehicle was used in the violation of any applicable provision of this Chapter, the Administrative Hearing Officer shall enter an order finding the owner of record civilly liable to the City for the amount of the administrative penalty of five hundred dollars. If, after a hearing, the Administrative Hearing Officer determines by the preponderance of the evidence that the vehicle was not used in the violation of this City Code, the Administrative Hearing Officer shall enter an order finding for the owner of record and for the return of the vehicle or cash bond.
- D. If a request for a hearing is not made within 10 business days of the notice being mailed to the owner of record, the vehicle shall be deemed abandoned and shall be disposed of in the manner provided by law for the disposition of abandoned vehicles. The vehicle shall not be released to the owner of record until the penalty of \$500.00 is paid to the City, and only after the applicable towing and storage fees have been paid to the towing agent.
- E. If the owner of record requests a hearing, but fails to appear at the hearing or fails to request a hearing in a timely manner, the owner of record shall be deemed to have waived his or her right to a hearing and the Administrative Hearing Officer shall enter a default order in favor of the City in the amount of the administrative penalty prescribed for the violation, plus towing and storage fees. However, if the owner of record pays such penalty and the vehicle is returned to the owner of record, no default order need be entered if the owner of record is informed of his or her right to a hearing and signs a written waiver. Once the waiver is signed and the penalty and any applicable towing and storage fees are paid, the seized vehicle will be released.
- F. If a bond in the amount of \$500.00 is posted with the Police Department, the impounded vehicle shall be released to the owner of record. If a \$500.00 penalty is imposed under this

Section, the \$500.00 bond shall be forfeited to the City; however, in the event a violation is not proven by a preponderance of the evidence, the \$500.00 bond will be returned to the person posting the bond. All bond money posted pursuant to this Section shall be held by the City until the Administrative Hearing Officer issues a decision, or, if there is a judicial review, until the circuit court issues its decision.

- G. An administrative penalty, plus towing and storage fees, imposed pursuant to this section shall constitute a debt due to the City, which may be enforced pursuant to 20-6-1, *et seq.* or in any other manner provided by law. Any cash bond posted pursuant to this Section shall be applied to the penalty. Except as provided otherwise in this section, a vehicle shall continue to be impounded until (1) the administrative penalty, plus any applicable towing and storage fees, is paid to the City, in which case possession of the vehicle shall be given to the person who is legally entitled to possess the vehicle, or (2) the vehicle is sold or otherwise disposed of to satisfy a judgment or enforce a lien as provided by law.
- H. Any motor vehicle that is not reclaimed within 30 days after the expiration of the time during which the owner of record may seek judicial review of the City's action under this section, or, if judicial review is sought, the time at which a final judgment is rendered in favor of the City, or the time a final administrative decision is rendered against an owner of record who is in default, may be disposed of as an unclaimed vehicle as provided by law; provided that, however, that where proceedings have been instituted under state or federal drug asset forfeiture laws, the vehicle may not be disposed of by the City except as consistent with those proceedings.
- I. Fees for towing and storage of vehicles under this Chapter shall be the same as those charged for other Police Department tows.
