Dear Park Ridge Fire Fighters,

A few weeks ago, our church canceled our regular church services and gathered in groups to serve the city outside our walls. One of our service projects was to go to Portage Park and write thank-you notes to those in our community who don't always hear "thank you" as much as they should. We encouraged passers-by to jot down a few words as well, and one individual wanted to write specifically to the Park Ridge Fire Department.

We would like to pass on the thank-you to you now in the hopes that you know how much your service means to the city and surrounding areas.

In Christ's Peace,

Redeemer Church

Chief Sorensen,

On behalf of our Injury Prevention Committee, I would like to thank you for having your ambulance available to participate in our annual Trauma Day, May 5, 2017. We hosted about 200 students and teachers from Maine East High School and Barrington High School. The intent of the program was to reinforce how to make good choices about drinking, driving, seat belt use and helmet use – and what the repercussions might be if they make a poor choice. I went out to meet Tim and Chris that morning and explain about the event and they were great! I think they had both helped us out before – and the students just loved them!

We greatly appreciate your assistance with this annual event, especially on such short notice. It is always a pleasure working with you and your crews!

Thanks again,
