Background:

In preparation for the Sewer Lining Program, our contractor televises the upcoming project areas. On Merrill, north of Cedar, we found a small portion of the 15" sewer main to be in such bad condition that it could not be lined.

A Public Works crew was sent out on February 11, 2014 to make this reparation, called a point repair. After exposing the sewer main, which was approximately 10 feet deep, the main itself kept crumbling and the crew could not find a good section to reconnect the pipe. After going another 5 feet the excavation became too large and a contractor was called in on an emergency basis.

On February 12, DiMeo Brothers of Elk Grove Village, Illinois came in with their excavator and semi dump trucks, larger equipment than the City owns, and finished the repair with approximately 23' more of pipe.

Public Works crews worked hand in hand with DiMeo Brothers on this project in order to keep costs down. Materials were supplied by the City, along with future street repairs. The sewer main is now ready for lining.

The cost for DiMeo's Brothers work on this emergency repair is \$6,836.56 and will come from the Sewer Lining account.

Recommendation:

Approve Purchase Order for emergency sewer main repair, DiMeo Brothers, 720 Richards Lane, Elk Grove, Illinois 60007 in the amount of \$6,836.56.
