Background:

At the June 12, 2017 Committee meeting, Gewalt Hamilton Associates presented a parking study of the Uptown area. Over a period of several months, GW representatives obtained background information, documented existing conditions, considered future development, reviewed feedback from key stakeholders (through a staff led public outreach effort), and developed operational strategies and recommendations. At that time staff was directed to bring back the recommended changes for implementation.

Staff has prepared draft ordinances based on the Parking Study's recommendations for the following areas:

- Uptown Court Parking Lot – change 3-hour Free spaces to 90-minute Free, 92 spaces (13-15-6 to 13-15-4)
- Meacham – change from 2-hour Free spaces to 3-hour Free, street parking (13-12-6.1 to 13-5-6)
- Morris – change from 2-hour Free spaces to 3-hour Free, street parking (13-12-6.1 to 13-15-6)
- Summit Lot North – 3-hour Free spaces to 90-minute Free, 24 spaces (13-15-6 to 13-15-4)
- Summit Lot South – 5-hour Meter spaces to 3-hour Free spaces, 24 spaces. Many of these 3-hour Free spaces are currently being used by employees who have been issued parking passes thru the Police Department. (13-16-8 to 13-15-6)
- Prospect – add 2, 15-minute Free spaces by 23 South Prospect, (Two spaces north of center crosswalk adjacent to handicap parking area) (13-15-1)

Attached are the associated pages from the Parking Study, a GIS map of the area with changes noted, and draft Ordinance revisions.

It has come to Staff's attention that the No Parking area on Meacham at Northwest Highway has not been codified (13-11-1). As a matter of housekeeping, staff has included an Ordinance for this area for Council approval.
